Indigenous Awareness (Employee Version)

Overview

Your progress

KPU has partnered with BCIT to create three Indigenous Awareness Modules, designed by Kory Wilson, Executive Director, Indigenous Initiatives and Partnerships at BCIT and the Drive Learning Consultants.

These online modules will increase your knowledge about Indigenous people in Canada, share the true history of Indigenous people and the historical/contemporary place and space Indigenous people occupy.

Background

The Final Report of the Truth and Reconciliation Commission of Canada (2015) acknowledges the history of Canada's Indigenous people and the legacy of the residential school system and other institutions. Addressing the challenge of reconciliation, the report makes ninety-four calls to action which include several calls directly relevant to post-secondary education.

In order to further our understanding of the context of indigenous life in Canada we have produced an online modularized course to enhance our faculty, staff and administration's capacity to work with Indigenous students and their diverse communities and to enhance our capacity to provide appropriate support to Indigenous students.

Course Completion & Digital Badges

There is a short pre- and post- test embedded in each module. Please note that these are meant only to help you interact with the material and further your learning. Your score will neither be shared nor recorded.

The status of each module will update to "completed" once all of the module content has been viewed and course completion will be recorded. Upon completion, you will receive an automated email via CanCred on behalf of KPU letting you know you have earned a digital badge along with an option to claim it. The digital badge will appear in your Moodle profile by default with the ability to "hide" the badge for those who prefer to not show it. You will also have an option to create a free account at [CanCred Passport](#) to store your badge credentials along with any other digital badges you may have earned elsewhere.
